EDUCATION

Universitas Multimedia Nusantara | 2014 - 2018

System information - GPA: 3.19

WORK EXPERIENCE

HEAD OF GROWTH

Moonlay Technologies | Aug 2025 to Present

- Designed and executed go-to-market (GTM) strategies that drove user acquisition growth
- Built and led cross-functional growth squads (marketing, product, sales, data) to run high-velocity experimentation across acquisition, activation, retention, and monetization funnels.

SENIOR PRODUCT MANAGER

Moonlay Technologies | Feb 2025 to Aug 2025

- Defined project scope, milestones, and success metrics.
- Coordinated between product, engineering, QA, and business teams.
- Collaborated with cross-functional teams (engineering, design, marketing, sales) to deliver seamless user experiences and maximize business value.
- Championed implementation of [AI/chatbot/etc.], delivering measurable ROI.
- Led end-to-end project delivery, ensuring scope, timeline, budget, and quality were achieved across multiple stakeholders.
- Created and managed project governance frameworks (RACI, RAID, WBS, Gantt charts), improving transparency and accountability.

SENIOR PRODUCT MANAGER

Akseleran | Apr 2024 to Feb 2025

- Reduced disbursement process time by 70% through workflow optimization and automation.
- Worked closely with engineering, business, and compliance teams to ensure smooth end-to-end product implementation.
- Conducted root cause analysis on production issues, identified key pain points, and proposed strategic solutions to minimize recurrence.
- Provided data-driven recommendations to internal stakeholders for continuous product and process improvement

SENIOR PROJECT MANAGER

Akseleran | Des 2021 to Apr 2024

- Lead re-architect effort of a core system to improve the platform efficiency and stability
 - Communicating to Partners, Business users, and the development team to make sure the goals are clear and the vision is aligned with business objectives
 - Provide help if needed so that the project can be completed on time
 - Lead and/or assist with estimating potential projects
 - Represent the company in project meetings and attend strategy meetings
 - Built a healthy relationship with a partner for integration
-

SCRUM MASTER

Moonlay Technologies | March 2020 to Nov 2021

- Facilitating discussion, impediment removal, and conflict resolution.
- Assisting with internal and external communication, improving transparency, and radiating information.
- Providing all support to the team using a servant leadership style whenever possible, and leading by example.
- Create useful, reliable, and practical plans for software development projects.

PRODUCT OWNER

Moonlay Technologies | Jan 2019 to March 2020

- Understand the “Big Picture” of the objective and goal that client wants to achieve and be able to break down the solution into a user story.
- Create a product from scratch: Jakarta Fashion Week, Bateeq Japan e-commerce platform
- Analyst customer feedback to ensure this bug should be done with the developer or not.
- Testing the work done by the team developer (backend and frontend).
- Make a mock-up of a website or mobile as a reference in making applications and working together with UI/UX team to ensure the design has a good user experience.

SYSTEM ANALYST

ELO Digital Office | Aug 2018 to Dec 2018

- Identify customer’s needs to deliver the information to the tech team
- Resolving the technical problems and coming with the solutions
- Designing the process of our user’s business flow
- Managing the project timeline to meet the deadline
- Providing a training class for our users
