Re: Recommendation for Reza Aditya

Dear Hiring Manager:

I was initially impressed with Reza Aditya enthusiasm, communication skills and professional demeanor when I hired him 2 years ago as a senior SITAC within Huawei Manage Service under H3I IRO Project.. During the two years Aditya reported to me and consistently demonstrated all of these qualities and more, and I heartily him for senior SITAC or any Operation position.

Of particular value to me as a Operation Support General Manager was Aditya team player mind-set, enthusiastic embrace of change, ability to work with minimal supervision and unwavering commitment to exceeding customer expectations. I regularly received unsolicited praise from customers commending Aditya outstanding level of service, professionalism and follow-through.

Aditya would be a tremendous asset for your company and has my highest recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely,
